Dear Parents/Guardians:

In order to improve transportation service to all students, we are trying to identify those who are not using school bus transportation this coming school year. We are asking all parents/guardians to complete the form below, only if your student(s) will not be using school bus transportation this coming school year, and return it to our office. This information will allow us to rearrange and shorten bus routes for those who ride. If you indicate your student(s) will not be using transportation services, and at some point during the school year this changes, please call the Transportation Office at 651-407-7538 and bus service will be arranged.

The form can be returned to us by mail, fax, email, or dropped off at your student's school office.
